Procedures for missing or lost trophies:-

It is incumbent on schools to update the engraving on the Trophy, polish the Trophy and return it prior to the Carnival or Grand Final. Carnival Trophies are returned to the EISM office if you change Divisions or are to be taken to the venue on the day. Weekly Sport Trophies are given to the host school of the Final at the start of the term that the Final is played.

A school that does not receive a Trophy at the time of the Carnival or Final is required to inform the EISM office in writing. A copy of this written notification should also be forwarded to the previous year's Holder. Once written notification has been received by the EISM, the responsibility is then on the previous year's Holder to locate the Trophy or to replace it. If no written notification is received within a fortnight of the Carnival or Final then the new Premiers will be deemed responsible for its replacement.

As custodians of the Trophies, Schools have the responsibility to take care of the Trophies when they win them. If a Trophy is not presented, Schools need to be pro-active in locating the Trophies. Lost Trophies are to be sourced and paid for by the school that loses the Trophy or did not report the Trophy missing. All engraving of previous winners needs to be included on the new Trophy, this information is available through the EISM website. EISM can supply recommendations for suppliers and trophy specifications, however all orders are to go through the responsible School directly.
